

## Student Recommended Resources for PSM 1 Exam Preparations

The following resources have been recommended by students who passed the PSM 1. Thanks to Sojy and David for providing these links.

### Passed PSM 1 (From student - Sojy)

Thanks Paul for the course.

I passed PSM 1 yesterday(28 Sep 2017) with 91%. It was my second try and in first try at May I had scored 81% :(. This time i followed <http://www.ru-rocker.com/2017/02/19/preparing-your-professional-scrum-master-1-psm1-certification/> and <https://www.scrum.org/forum/scrum-forum/7708/passed-psm-i-975-experiences>.

I took below mock

[Scrum Open Assesment](#) (9 Exams - From 5th exam I started getting 100% in less than 5 mins )

[Mikhail Laphsin's blog](#). (7 Exams in learning mode ->Last two exams i scored 100% and one in Real mode with 100% )

[Test Taker Online](#) (10 Exams and last 5 with 100%)

I did not pay for any tests.

### Tips for PSM 1 (From Student - David)

1. Read The Scrum Guide until you really understand.
2. Read The Nexus Scrum Guide, at least until you know the main concept how to maintain multiple scrum team in the same project: <https://www.scrum.org/resources/online-nexus-guide>
3. Find and do assignments as many as possible (just googling it), do not focus on 1 source (it may be good, but you have to make sure if the question is different or changed (to test your knowledge), your answer is still correct and consistent with the Scrum Guide)
4. Keep asking yourself about every case that could happen in Scrum, it is good for you to always curious!
5. Manage your time! Make sure you can answer all the question and check again. (In my case, I need 40 minutes to answer all the questions and 20 minutes to check once again - ensure you read Q&A carefully)

All the best

Paul.
